Dear Friends and Colleagues

Again, it is my great pleasure to personally invite you again to the 6th International Breast Symposium Düsseldorf (IBSD) at the InterContinental Hotel situated at the Königsallee. Once more, we have been able to recruit national and international experts with a great experience in all areas of aesthetic as well as reconstructive breast surgery.

The aim of our 6th Symposium is to have lively scientific controversial discussions together with the participants and the faculty. Again we will focus on pro- and contra sessions to take the great opportunity to strengthen the multidisciplinary approach between the colleagues to create a platform for an open discussion from different perspectives.

Further we will have parallel teaching sessions lead by renowned plastic surgeons or gynecologist, to provide hands-on and interactive courses for young breast surgeons and gynecologists in their clinic or private practices.

The following topics are focused to surgical indications and selection of appropriate techniques for breast surgery:

- Marking for Augmentation with or without Mastopexy
- Marking for Reduction Mammoplasties
- Different Techniques and Evidence in Aesthetic Breast Surgery
- Breast reconstruction combined with radio therapy
- Video teaching sessions on Aesthetic and Reconstructive Breast Surgery
- The IBSD Championship
- Trends in Lipofilling
- Management of breast centers
- ALCL and lymph surgery updates
- Best case - best save session

The symposium venue, situated on the famous Königsallee, provides again a very special atmosphere and gives the possibility to enjoy the city.

Again, I would like to express my personal gratitude to the members of the faculty. Without their time and support, it would have been not possible to accomplish this fantastic program.

I am looking forward to welcome you in Düsseldorf.

Kind Regards
Prof. Dr. med. Christoph Andree

Please note that participation cannot be cancelled after the registration has been submitted.
We kindly invite you to submit a case description for the session „best case, best save in breast surgery“.

In our awarded session „Best case, best save in breast surgery“ five pre-selected cases will be presented by delegates. Further, from the scientific board selected abstracts will be accepted and presented as a poster in the exhibition area.

The scientific board welcomes submission of abstracts for presentations of interest in:
- Reconstructive and aesthetic breast surgery
- Lymph surgery

At the end of the session will be a live voting by the audience to select the best presentation. The best presentation will be awarded. Each presentation will last six minutes – 4 minutes for the presentation and 2 minutes for questions. The description of the case must be written in English and should be a maximum of 300 words. Please use our online abstract submission tool under www.Breast-Symposium.com.

The deadline for abstract submission is March 2, 2018. Authors will be notified in case of acceptance until March 9, 2018.
